## Introduction

Xi Jinping thought on the rule of law plays a very important theoretical role in Xi Jinping thought system of Socialism with Chinese characteristics for a New Era, which strongly promotes the innovative development of the theory of the rule of law with Chinese characteristics.

## 1. Follow the direction indicated by the path of socialist rule of law with Chinese characteristics

### 1.1 Uphold the Leadership of the Party

The leadership of the Communist Party of China is the most essential feature of socialism with Chinese characteristics and the most fundamental guarantee for the comprehensive rule of law. "Socialism with Chinese characteristics has many features, but the most essential feature is adherence to the leadership of the Communist Party of China," Xi said <sup>[1]</sup>. The leadership of the Party and the rule of law are highly unified. Upholding the leadership of the Party is an integral part of comprehensively advancing the rule of law. In advancing the law-based governance of the country in the new era, we need to improve the system and working mechanism for the Party to lead the law-based governance of the country, promote the institutionalization and law-based governance of the Party, and implement the Party's leadership throughout the process and in all aspects of the law-based governance of the country.

### 1.2 We will uphold the system of socialism with Chinese characteristics

In the process of social reform in contemporary China, the most distinctive feature of socialism with Chinese characteristics is the great practice of unifying the path, theory, system and culture of socialism with Chinese characteristics, and the socialist system with Chinese characteristics is the fundamental guarantee <sup>[2]</sup>. The socialist legal system with Chinese characteristics is an integral part of the socialist system with Chinese characteristics, an important institutional carrier of the socialist civilization of rule of law with Chinese characteristics, and the basic basis of the socialist rule of law with Chinese

characteristics. To adhere to and expand the path of socialist rule of law with Chinese characteristics, we must adhere to the socialist system with Chinese characteristics. To strengthen our confidence in the path of socialist rule of law with Chinese characteristics, we must strengthen our confidence in the socialist system with Chinese characteristics.

### **1.3 We will implement the socialist rule of law theory with Chinese characteristics**

The socialist rule of law theory with Chinese characteristics is a historical product of combining the basic principles of Marxist thought on rule of law with China's specific rule of law practice. It embodies the basic concept of rule of law by Chinese Communists to govern the country and secure the country. It is the guiding ideology for comprehensively governing the country by law and promoting China's modernization of rule of law. Every new development of the path of socialist rule of law with Chinese characteristics is accompanied by a new leap in the theory of socialist rule of law with Chinese characteristics. Xi Jinping Thought on the Rule of law is a major innovation and development of the socialist rule of law theory with Chinese characteristics. To modernize the rule of law in China in the new era, we must always follow Xi Jinping Thought on the rule of law as the fundamental principle and strive to open up new prospects for the rule of law in China.

## **2. We should focus on building a system of socialist rule of law with Chinese characteristics**

In contemporary China, as an integral part of the huge social project of modernization of national governance, the comprehensive rule of law has its inherent goal. The fourth plenary session of the party's 19th will stick to and perfect the system of socialist rule of law with Chinese characteristics into the system of socialism with Chinese characteristics in the strategy, make further stressed that "building socialism with Chinese characteristics of the rule of law system, the construction of the socialist country under the rule of law is the inherent requirement of upholding and developing socialism with Chinese characteristics".

The system of socialist rule of law with Chinese characteristics is a rich connotation and wide extension of the rule of law concept, mainly refers to the process of transition from traditional society to modern society, the law system, the rule of law by the implementation of the system, the rule of law, the supervision system, the rule of law guarantee system, and of inner-party laws and regulations system, reflect the state of the rule of law the rule of law in the running state of the community system. The basic status of the socialist system of rule of law with Chinese characteristics, as a community of rule of law, is the "indicator" of the running state and mechanism of the rule of law in contemporary China, and often becomes the basic evaluation scale of the development and modernization of the rule of law.

## **3. We should firmly uphold the rule of law value of social fairness and justice**

In modern society, the rule of law embodies the principle of social equity and justice, and is an important institutional carrier for realizing social equity and justice. In an era of major change, contemporary China must always pay close attention to and attach great importance to addressing the issue of social equity and justice. This has become a major issue in the development and modernization of the rule of law. The basic value goal of comprehensively governing the country by law and building the rule of law in China is to safeguard and promote social equity and justice throughout the whole process and all aspects of comprehensively governing the country by law. In legislation, we need to accelerate the improvement of the legal system that ensures equal rights, equal opportunities and equal rules. In the process of building a government under the rule of law, administrative organs may not make decisions that derogate from the lawful rights and interests of citizens, legal persons or other organizations or increase their obligations without legal and regulatory basis; Judicial organs are the last line of defense to safeguard social fairness and justice.

## Conclusion

We should firmly adhere to the rule of law values to safeguard and promote social fairness and justice. This embodies the principle of people-centered rule of law development. The nature of the people is the essential attribute of the socialist rule of law with Chinese characteristics.
